

The Architecture and Engineering of Downdraught Cooling

Brian Ford

Chair in Bioclimatic Architecture
Department of Architecture and Built Environment
University of Nottingham

The talk will describe the results of a recently completed research and dissemination project partly funded under the EC IEE programme, and will also include reference to the design of the 'Nottingham H.O.U.S.E.' (House Optimising the Use of Solar Energy) at the Solar Decathlon Europe event in Madrid last June.

Wednesday, 15 September, 2010

CAR Offices, 25 Gwydir Street
Drinks from 5.30 p.m., Talk at 6:00 p.m.

Please let Maria know by Tuesday, 14 September, if you will be attending (maria.sylvester@carltd.com).
