Greensboro Animal Shelter, Alabama
A lamella barrel vault structure realised by Rural Studio Thesis Students 2012

Anderson Inge, AIA, FRBS CAR Director

Anderson Inge will review 10 years of bespoke workshops developed for the Rural Studio, the AA, and the Ruskin School, seminar programs which have enabled student teams to design & build public works of significant scale. The workshops usually include the exciting aspect of *testing-to-destruction*, a vital way for young architects to predict how innovative architectural designs will actually perform.

Wednesday, 20 April, 2016
CAR Offices, 25 Gwydir Street
Drinks from 5.30 p.m. Talk at 6.00 p.m.

Please let Anna know by Tuesday, 19 April, if you will be attending (anna.petrosyan@carltd.com).
