

Shelter Centre

Supporting a global humanitarian community of practice
with knowledge sharing

Sudanese section, Dadaab Refugee Camp, Kenya, 2015

Tom Corsellis

Executive Director, Shelter Centre

The international NGO Shelter Centre builds upon research at the Martin Centre, University of Cambridge Department of Architecture. We support the global humanitarian shelter community of practice, developing consensus resources including: technical guidance and training; the global practitioners' event; and website Humanitarian Library. Current collaborations include guidance on: camp planning, with UNOPS; and repair and rehabilitation in North-Western Syria, with IOM, supporting the IASC Shelter Cluster coordination body.
